University Outreach Programme

The purpose of our college outreach program is to invoke the feeling of responsibility in the students towards their Society and Nation. The aim of our college outreach program is to give students the opportunity to be exposed at Grass root level to Indian rural communities while at the same time learning about the challenges that rural communities face. Under this program Baniyani village is adopted by our college and 25 students are engaged in this program.

Goal of University outreach program

- Enhance community awareness
- Increase the visibility of programme
- Broaden community support
- Improve knowledge and attitude and healthy behaviors
- Engage new volunteers

The aim of our college outreach program is to give students the opportunity to be exposed at Grass root level to Indian rural communities while at the same time learning about the challenges that rural communities face.
