Subject:- Suggestions for Action to be taken on feedback Report for the session 2018-19

Sir/Madam,

With reference to your letter no spl/01/2019, dated 06.06.2019, we would like to commend the efforts of the college administration in striving for excellence in all fields. Management of the Hindu Education Society proposes the following suggestions for the overall development of College after a comprehensive review of recommendations and suggestions given by members of management and from the feedback analysis report gathered from various stakeholders, including students, faculty, alumni, and parents -

1. Teachers must ensure that they have covered the entire syllabus at least one week before the start of semester exams. This will give students enough time to review and prepare for their exams thoroughly.
2. Teachers must discuss the syllabus topics in detail and communicate with students in Hindi as well. It will be helpful for students if teachers provide translations of the topics in Hindi to ensure better understanding.
3. Teachers should make sure they are well-prepared for each class and actively encourage discussions among students. This will help in engaging students and promoting a deeper understanding of the subject matter.

4. Teachers should be encouraged to use ICT tools more frequently in their teaching. This will help in making learning more interactive and engaging for students.
5. It is important to focus on the placement and progression of students. More attention should be given to providing students with the necessary skills and resources to succeed in their future careers.
6. Teachers should actively support students in their career development and help them achieve their goals.

Kindly make sure that the above suggestions are incorporated timely.

Thanking you,
